

“Friends of MCMA” Corporate Partnership Program

Professional local government management is vital to Missouri cities and counties. Throughout the state, communities depend on highly qualified professional managers/administrators and staff to help them meet the demands placed on local government.

The Missouri City/County Management Association (MCMA) was founded for the purpose of supporting and improving municipal and county management and strengthening local government in Missouri. As you may know, MCMA is a vital professional network that offers professional development and information-sharing opportunities for managers/administrators, assistants, management assistants, interns, and other staff throughout the state of Missouri.

The ongoing success of MCMA is dependent on several factors, including the continued financial support of our corporate partners, the “Friends of MCMA”.

As an association, we believe that encouraging private sector partnerships can enhance our knowledge and understanding of your expertise, services and/or products available to municipalities and counties.

We invite you to join us as a sponsor of the Association. Your organization may choose to support MCMA through the ***“Friends of MCMA” Corporate Partnership Program*** at one of three levels:

Partnership Level \$3,500

Sponsorship Level \$2,500

Benefactor Level \$1,500

Once your organization has joined our “Friends of MCMA” program, you will also be eligible for additional single-sponsorship opportunities at our annual meetings and events.

Attached is a document that provides an overview of the valuable benefits that correspond with each partnership level and event sponsorship opportunity. Benefits of membership include access to government decision makers, opportunities to showcase your corporation to local governments, timely news and trends, and more!

Membership applications are subject to review and approval of the Board of Directors of the Association. Membership is for one year and based on a calendar year, although applications may be accepted and considered at any time throughout the year.

“Friends of MCMA” Corporate Partnership Program

Corporate Partner Code of Ethics

To further the mission and goals of the MCMA Corporate Partnership Program and to reinforce MCMA’s continuing commitment to enhancing the quality and professionalism of local government, a corporate code of ethics (mirroring the ideals embodied in ICMA’s Code of Ethics) was adopted by MCMA’s Board in February of 2012 to guide Corporate Partners in their activities with MCMA and its members.

These principles shall govern the conduct and actions of MCMA Corporate Partners, who shall:

1. Be dedicated to the concepts of effective and democratic local government by responsible elected officials and believe that professional management is essential to achieving these goals.
2. Affirm the dignity and worth of the services rendered by government and maintain a constructive, creative, and practical attitude toward local government affairs.
3. Be dedicated to the highest ideals of honor and integrity in all facets of the relationship, so that the partners merit the respect and confidence of members of the corporate organization and members of MCMA, local government elected officials and employees, and the public.
4. Recognize that the chief function of local government at all times is to serve the best interests of the public.
5. Recognize and support MCMA members' commitment to career-long learning and improvement.
6. Encourage communication and participation in information-sharing among the private sector, local government, and the public.
7. Resist any encroachment on local government managers' professional responsibilities, believing that professional local government managers should be free to carry out official policies without outside interference or influence.
8. Respect the open, competitive purchasing process of local governments, and provide full value in any goods or services for which public funds are accepted.
9. Neither seeks nor grants favors; believe that aggrandizement or profit secure by the use of confidential information, abuse of trust, or the promise of personal enrichment is dishonest.
